- Team Player
- Adaptability
- Problem-solving
- Leadership
- Time management

EDUCATION

Full Stack Software Development Training Program
Code Your Future, Birmingham
Aug 2023 - Aug 2024

- Successfully executed various projects, including a Video Recommendations application using React.js using JavaScript and APIs.
- Collaborated with a diverse team on group projects, demonstrating strong communication and teamwork skills.
- Engaged, as a trainee, in extracurricular activities such as workshops to further enhance technical skills and problem-solving abilities.
- Completing comprehensive training in full-stack web development technologies including HTML, CSS, JavaScript, React.js, Node.js, Express.js, PostgreSQL and cloud technologies.

Bachelor of Computer Science
University of Sargodha, Pakistan
2012 - 2016

ABOUT ME

Dedicated and self-motivated Software Developer with an B.Sc. in Computer Science. I am driven by my passion for technology and enjoy collaborating with diverse teams on group projects. I demonstrate strong communication and teamwork skills. I am on a mission to push boundaries and innovate in the world of software development.

RECENT PROJECTS

April- May 2024
Video Recommendations
A user-friendly platform that lets you securely save, rate and organize your favourite videos. A full stack application built with React, Node.js, Express.js, PostgresQL and tested with jest.

Mar - April 2024
TV Show Library
Created a web app using HTML, CSS, and JavaScript and fetch API to display detailed information about TV shows from the TV Maze API. Implemented responsive design principles for optimal viewing across devices and integrated search functionality for easy navigation.

WORK EXPERIENCE

2013- 2021
Private Tutor
Created unique lesson plans for Maths and science subjects to accommodate the student's specific needs.
Set homework, provide grades, monitoring student's progress
Helped 95% of my students to achieve their target grade or above.

2017 - 2019
Tailoring & Made to Measure Clothes Making
Tailored clothing crafted to fit the individuals specific measurements, style preferences and specifications with a great attention to detail

ACHIEVEMENTS

Passionate mentor within my Training Program
Throughout Code Your Future, I've demonstrated a passion for mentorship, by consistently going above and beyond to support my classmates in their coding journey, leading to a collaborative learning environment.

INTERESTS

In my free time, I love crafting unique dresses with meticulous attention to detail. Proficient in sewing techniques, I'm always seeking fresh ideas. I also enjoy cooking and diving into captivating books for inspiration.
